

October 15, 2022

Dear Bolt Energy Group:

I am writing this letter to express my sincerest gratitude and appreciation for the outstanding work that your team has done in replacing our existing stadium metal halide fixtures with LEDone Stadium 600W fixtures. Your team's dedication and commitment to this project are truly commendable, and we cannot thank you enough for the results.

We are pleased with the outcome, and the new LEDone Stadium fixtures have made a significant impact on our tennis facility. The lighting is phenomenal, and we have been receiving compliments from our clients who are now calling us the "tennis facility that has the best lights, daylight at night – baby". This wouldn't have been possible without the expertise and hard work of your team.

We understand that the process took longer than anticipated due to inclement weather, but your team's resilience and ability to push through despite the challenges are admirable. We appreciate your professionalism and flexibility throughout the project, and we are extremely satisfied with the quality of work delivered.

Please extend our gratitude to Chase Barbier and his team for a fantastic job done. Their attention to detail, professionalism, and expertise are evident in the final product, and we couldn't be happier with the results.

Once again, thank you for your hard work and dedication to this project. We are proud to have had the opportunity to work with you, and we hope to continue our partnership in future projects.

Sincerely,

Gerry Maingot
